

There is **magic**
in all of us that is
expressed through
music and dance.

Young people with any physical or
mental disability are invited to
explore in a barrier-free
environment the world of creative
movement, self-expression, musical
creation and spontaneous listening.

Music in their voices...
or in their **souls** if they can't speak.

Dancing in their feet...
or in their **hearts** if they can't walk.

Our Program

Arizona Magic of Music & Dance is a week-long summer camp for children and young adults with physical and mental disabilities – that in just that one week, prepares them to stage a wonderful theater production that is written and choreographed especially for them. Last year we performed Snow White and the Seventeen Dwarfs. With tears of gladness and laughter, family and friends have almost as much fun at the play as the actors themselves.

The Magic of Music & Dance camps will be held every summer and we anticipate a 95% participant return rate. This is because it is an exceptional and unique opportunity for these young people to be immersed in a week of adventure, self expression, fun and friendship.

This summer we will produce a special adaptation of **The Jungle Book**.

Some camp scholarships are available.

General Info

Participants blossom with enjoyment and pride in their accomplishments when they hear the applause and see the appreciation of the audience as they perform their play on the final day of camp.

Parents experience the thrill of seeing their children- who face a life of heart-renting challenge- experience fun, friendship, and opportunities to develop their creativity, self-esteem and pride in accomplishment.

“We laughed, we cried - and loved the opportunity to see our child thrilled with himself up there - on that stage!”

Volunteers experience the life-changing joy that comes from working with these special people. By helping participants transcend their own strengths, values and abilities. Also, they learn the power and effectiveness of servant leadership.

“It was a wonderful thing - I saw how the dress-up and being on stage made the kids feel like princes and princesses.”

Communities that support and develop their most challenged residents are communities that are creating exceptional value and pride for all their residents.

“This a worthwhile program- we’re proud to support it here.”
